EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the claims:

Claim 2 and claim 19, line 9, replace "the" before "particular sector" with --a--.

2. The following is an examiner's statement of reasons for allowance:

Claims 1-33 recite an integrated circuit device and a method for performing byte erase in a programmable and erasable memory array.

The prior art does not teach " a controller coupled to the decoder circuitry to control erasing of at least one selected byte within a selected page stored in memory cells coupled to a selected one word line, the controller including circuitry to map data stored in memory cells coupled to word lines in the selected page other than the selected one word line, to apply erase potentials to memory cells storing the at least one selected byte, and after applying erase potentials to memory cells storing the at least one selected byte, to verify that the memory cells in the selected page other than the memory cells coupled to the selected one word line have maintained thresholds indicated by the mapping, and to apply program potentials to memory cells in the selected page that do not pass verify" recited in claim 1 and the steps of "mapping data

in memory cells coupled to word lines in the selected vertical page other than the selected one word line; applying erase potentials to memory cells storing the at least one selected byte; and after applying erase potentials to memory cells storing the at least one selected byte, verifying that memory cells coupled to word lines in the selected page other than the selected one word line have maintained thresholds indicated by the mapping, and applying program potentials to memory cells in the selected page that do not pass" recited in claim 18.

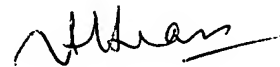

Therefore, the application is in condition for allowance.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
